

A black and white photograph of a young child with dark, curly hair, looking directly at the camera with a serious expression. The child is wearing a dark trench coat with a wide collar and buttons. The background is dark and out of focus, showing some vertical lines that might be part of a structure or fence.

# Summary of Breaches of Security Council Resolution 2401

---

Tuesday, 27 February 2018

The Violations Documentation Center (VDC) prepared and documented the data in this report based on its field teams in Syria, as well as the data provided to the center by the hospitals in Eastern Ghouta, the Red Crescent in Afrin, and the civil defense teams in Eastern Ghouta and rural Idlib. The VDC recorded 37 violations of Resolution 2401 on this day.

The figures and data contained in this report are not final and are subject to continuous updating and scrutiny based on available data. Victim registration is dependent on the completion of the complete data required to document cases. Therefore, this summary does not accurately reflect the scale of casualties. For more information on victim numbers, please refer to the Violations Documentation Center's database.

This is the final daily summary of breaches that the VDC will issue, as the level of military escalation in Syria was not affected by Security Council Resolution 2401.
